|                            |                                                              |
|----------------------------|--------------------------------------------------------------|
| <b>Product Code</b>        | XE-4742-001                                                  |
| <b>General Description</b> | Wirewound construction for optimum performance and stability |
| <b>Sensor Type</b>         | Pt100 Single Element                                         |
| <b>Max. Temperature</b>    | 650°C                                                        |
| <b>Min. Temperature</b>    | -200°C                                                       |
| <b>Tolerance</b>           | Class A                                                      |
| <b>Dimensions</b>          | 1.5mm Width x 25mm Length                                    |
| <b>Series</b>              | RTD Detectors                                                |
